EDUCATION

MCA, ASM IBMR Pune,

Sep 2023 - Present

BCA, MIT ACSC Pune, CPI: 8.43/10

July 2020 - May 2023

Coursework Data Structures and Algorithms • GCP Fundamentals • System Design

SKILLS

Technical Skills Python, React, JS, Redux, HTML, CSS, React Native

Miscellaneous REST API, Material UI, CLI, Postman, Firebase, Git/Github

EXPERIENCE

Software Engineer | PICKUPBIZ SOFTWARE DEVELOPMENT IN (Pune)

AUG 2024 - Present

React Native Development & Mobile App Features

- Designed and developed **scalable React Native mobile applications** with seamless user experiences for CRM systems, enabling real-time service request tracking and **ticket management**.
- **Integrated APIs and** real-time push notifications in React Native apps, improving user engagement.
- Crafted intuitive React web dashboards with modern **UI/UX principles**, facilitating data visualization and interaction for administrators.
- Implemented Redux for state management, ensuring efficient handling of complex data flows across applications.
- Enhanced application performance by optimizing components, **reducing load time** — *Internal Applications*
- Built React-based dashboards and **admin** panels for CRM systems with a focus on dynamic data visualization and user-friendly **navigation**.
- **Cloud Computing Intern** | The Entrepreneur Network (Remote) Sep 2022 - Oct 2022
Classification and visualization models
 - Supported the migration of on-premise applications to the **cloud**, ensuring minimal downtime and optimized performance.
 - Configured and managed cloud services, including virtual machines and databases, enhancing system reliability and performance.

Seamless customer interaction, enabling real-time updates and ticket management with optimized performance

CRM Mobile App | React Native Development|

- Developed a **CRM Mobile Application** using **React Native**, enabling seamless interaction between customers and service teams.
- Designed and implemented a **responsive**, mobile-friendly user interface with React Native and Tailwind CSS, ensuring smooth user experiences on both iOS and Android devices.
- Integrated **REST APIs** to handle customer profiles, service requests, and ticket management, allowing real-time updates and interactions.
- Implemented JWT authentication for **secure login**, ensuring role-based access control for different user types (admin, user, support staff)..
- Worked on optimizing app performance and implementing smooth **navigation** using **React Navigation**.

AWARDS AND EXTRA-CURRICULAR ACTIVITIES

Awards National Gold Medalist in Disc Throw at Goa Nov 2019.

International Gold Medalist in Disc Throw in 2020.
